# The 7<sup>th</sup> International Islamic Monetary Economics and Finance Conference

"STRENGTHENING ISLAMIC ECONOMY AND FINANCIAL SYSTEM IN THE POST PANDEMIC ERA, DIGITALIZATION AND SUSTAINABILITY"

25<sup>th</sup>-27<sup>th</sup> OCTOBER 2021

Jakarta, Indonesia

## CONFERENCE CONTEXT

The COVID-19 pandemic has been affecting the global economy since 2020, with a series of stimulus, economic aid packages, and other policy responses implemented by governments to combat the spread of the disease and to survive the recession. The unprecedented event serves as a momentum to rethink about economic system that is stable, resilient, inclusive, and sustainable, along with strong social safety net system. Rapid digital transformation supported by the rise of the sharing and collaborative economy has also contributed to a more effective and efficient resource allocation. This development has shaped a new normal for the global Islamic economy, which requires breakthrough initiatives and innovations to strengthen ecosystem of Islamic economy that synergizes Islamic finance, Islamic social finance, halal industries, and Islamic businesses, to achieve inclusive, resilient, and sustainable growth.

## CONFERENCE PURPOSE

The purpose of this "Call for Papers" is to serve as the avenue for some alluring areas and question in the field of Islamic economics and finance and to list and reiterate the topics that arising from the development of global Islamic economy in an environment of new normal and digital transformation. The join 13th International Conference on Islamic Economics and Finance AND 7th International Islamic Monetary Economics and Finance Conference will provide an ideal platform for dialogue and discussion among the practitioners, academics, higher degree students, researchers, as well as the policymakers around the world. The aim is to discuss issues with respect to strengthening the ecosystem of Islamic economy in new normal, within the Islamic economics and finance frameworks.
